

Berth Assignment Application - BARGES & TUGS

The vessel agent for any vessel loading or unloading cargo shall file a berth application request form with the Operations and Security Manager at least seventy-two (72) hours prior to the arrival of the vessel.

In requesting application for berth, the vessel agent or barge owner assumes responsibility for all charges assessable against the vessel or barge and any additional charges resulting from services from the terminals where the vessel or barge is either working or at lay berth.

In making application for berth, the vessel agent indicates a desire to use port facilities under the jurisdiction of the Port of Pensacola and berth application request shall constitute consent to all the terms and conditions of any and all applicable tariffs to include payment of damages to the ports property caused by the owner, its agent, and employees.

Hazardous material accepted only with prior port management approval, and only if in compliance with applicable governmental regulations.

Chapter 376.071, Florida Statute provides that any vessel operating in state waters with a storage capacity to carry 10,000 gallons or more of pollutants as fuel and cargo shall maintain an adequate written ship-specific Spill Prevention and Control Contingency Plan. Violators are subject to fine as administered by the State of Florida.
