Discussions with Stakeholders

**REIMAGINE
JACKSON STREET**
WHAT'S YOUR VISION?

“ In 10 years, Jackson Street will be an **east-west gateway** between the City of Pensacola and Escambia County that operates as a slower street connecting non-vehicle modes. It will have an **internationally diverse community fabric** with enhanced transportation and upgraded utility infrastructure. It will have **vibrant community nodes** that include local businesses, community gathering places, and recreational spaces. **People of all ages and abilities** can safely and conveniently walk or bike or ride on this street.

Inadequate Infrastructure

1

Preserve Existing Diverse Communities, celebrate its 'international' identity. Integrate Reactional Spaces for the community to gather or just hang-out.

2

Reestablish Vibrant Community by Increasing Connectivity for those walking, biking, or using transit to work, play, local destinations like shops, schools, churches. Ensure that communities can age/grow in-place.

3

Create Safe and Accessible Mobility Opportunities for people of all ages and abilities. Invest in Healthy Infrastructure, enhance natural environment that has co-benefits.

4

Integrate Utility Infrastructure Improvements during corridor planning, leverage opportunities to coordinate construction and upgrade utilities to sustain long-term growth.
